ABOUT US

PT. UNIMITRA ALYON TRUSSINDO is a construction services company based in Indonesia. Founded in 2006, **PT UNIMITRA ALYON TRUSSINDO** started as distributor and applicator of light-weight steel truss. Today, this company continues to expand with wider range of services, specializing in light-weight steel truss, roofing, cladding, flooring, plafond, partition, insulation, and pre-fabricated building.

PT. UNIMITRA ALYON TRUSSINDO continues to grow rapidly, with the average of each year we are able to work on more than 1.000 units of houses, schools, hotels, meeting rooms, factories, warehouses, and other public facilities.

PT. UNIMITRA ALYON TRUSSINDO has established excellent reputation with projects all across the nation, collaborating with reputable national developers. Not only working on the projects from the private sectors, we have been working on projects from the government and public sector to be a part of the development in Indonesia.

We commit to deliver our work with extra values for our partners, clients, and customers. With our experienced team of engineers, professional supervision teams, and trained installation staffs, we always prioritize safety and quality in every project. Because we believe, every house and building is a valuable asset for its owner.

OUR PHILOSOPHY AND VALUES

OUR GOAL is to build the nation with commitment and excellent services.

CUSTOMER ARE OUR LIFETIME PARTNERS

We gain trust from our partners by continuously providing high quality products and excellent services that exceed their expectations.

PEOPLE ARE OUR QUALITY

We believe that our quality come from our qualified people. Based on shared experiences, mutual values, and trust, we build our solid teamwork to deliver outstanding services
